

CORRUGATED BOARD-CORREX

Product Description/Use

Correx board is an economic advertisement with a classy approach.

It is a lightweight corrugated plastic material, robust and weatherproof, making a commercial solution for long-term indoor or outdoor display.

It can be mounted on other surfaces, or fixed onto posts. Typical uses of Correx board include estate agents' "To Let" and "For Sale" signs, but also any advertisement of your preference.

Correx board's neutral pH and flat surfaces make it ideal for digitally printed vinyl application, laminated to ensure a that your design remains clear and sharp for a long time.
